

“WE ONLY SELL WHAT WE GROW”

Stults Farm

2018 Community Supported Agriculture Application

Why join a CSA? A CSA membership gives you the satisfaction of knowing that each week during the growing season you will be eating farm fresh, locally grown produce. It is a convenient and easy way to shop in this fast paced world because everything is ready for you when you come to pick it up on your designated day. A CSA membership allows a member to better understand how challenging farming can be and offers you the opportunity to develop a greater appreciation for your local farmer. A CSA member receives offers that are sometimes not available to other farm customers.

What will I receive from a Stults Farm CSA membership? Members will receive 25 weeks of our own farm fresh produce. Members will have the option of choosing either Monday, Tuesday or Wednesday as their pickup day. Members will weekly pick up their prepackaged baskets filled with items available that week. Occasionally there will be an abundance of a certain crop and members will be allowed to take from the “extra table” at no additional cost when they come to pick up their weekly produce. Produce that you will be receiving is based on success and maturity of the of the crop. Expected produce may include peas, strawberries, sweet corn, tomatoes, grape tomatoes, zucchini, squash, green beans, white or red potatoes, eggplant, peppers, cucumbers, peaches, cantaloupe, watermelon, apples, broccoli, cabbage, sweet potatoes and winter squash.

The cost for a full share is \$600.00 which will include a weekly supply of produce valued at \$22.00 per week. The cost of a half share is \$350.00 that will supply produce valued at \$12.00 per week. The items will be properly placed in each basket. You will be assigned a number. The number will be attached to your basket. It will be your responsibility to return the empty basket each week and to remember your assigned number. On Monday, Tuesday and Wednesday the pickup time is between 2:00pm-6:30pm. The pickup location will be at Stults Farm. The address is 146 Cranbury Neck Rd. The CSA members basket will be ready inside the barn in numerical order at time of pick up.

“WE ONLY SELL WHAT WE GROW”

To help you to determine which share best suits your family, here is an example of a weekly share in the beginning of the season:

Full share example:

- *8 ears corn
- 1 lb. green beans
- 1 box grape tomatoes
- 2 squash
- 2 bell peppers
- 1 box blueberries
- 4 cucumbers

1/2 share example:

- *4 ears of corn
- 3/4 lb. of green beans
- 1 box blueberries
- 2 squash

Please note that sweet corn is a staple food at Stults farm. During the season, sweet corn will be included each week. The amount for the full shares will be 8 ears of corn per week and the amount of corn for a half share will be 4 ears of corn per week.

Here is an example of the shares during the height of the growing season:

Full share example:

- 8 ears corn
- 2 peppers
- 3 lb. tomatoes
- 1.5 lb. green beans
- 5 lb. potatoes

1/2 share example:

- 4 ears corn
- 1 bell pepper
- 2 lb. tomatoes
- 3/4 lb. green beans
- 3 lb. of potatoes

As the bounty of summer flourishes and higher dollar value produce becomes available, it may seem that the weekly quantity in your basket is lesser compared to the beginning of the season, but remember that your designated dollar value for the weekly produce still remains the same.
